Our teacher suggests their modifications to enrich the curriculum via principal to the university as per their experiences and difficulties for the benefit of the students. CBCS pattern is introduced by the university and our college has implemented it. Every department has its own calendar to run and complete the syllabi.

6.3.2   Teaching and Learning

Academic calendar of the college that depicts schedules of classes and examinations is prepared through the meeting of the heads of various departments and the principal of the college. With regard to Teaching Plan, each department prepares modules for syllabus for two semesters, from the beginning of June to October and November to April.

A consensus has been evolved among the faculty that a thorough foundation of subject awareness shall be laid in the learners through traditional methods of classroom lecture. A group of students has facilitated an institutional mechanism through the practice of seminar preparation and presentation as a collective effort. UG and PG students of all Departments are required to complete a project work.
